

## 30th International Electric Propulsion Conference

Florence, Italy - September 17-20, 2007

---

### POSTER SESSION: GUIDELINES

Posters have to be printed on A0 standard format, width = 841 mm (33.1 in) and height = 1189 mm (46.8 in). The poster boards will be on stands.

Authors will be assigned a poster board in the designated poster area. Posters can be put up at any time on Monday afternoon or, if necessary, on Tuesday morning before the session starts. The posters must be taken down immediately after the poster session concludes. Posters left on the boards will be taken down and not returned.

Tables, chairs, internet and electrical hookup will NOT be provided.

Use lightweight materials (not cardboard). Self stick adhesive (such as Blu Tack) must be able to hold them when mounted to the poster board. Adhesive will be provided.
